The Manchester Triage System (MTS) is the most widely used triage system in the UK, Europe and Australia, with tens of millions of patients being processed through hospital emergency departments. Emergency Triage is the core text for the MTS which utilises a risk averse system of prioritisation for patients in all unscheduled care settings, and as such it is an essential text for all emergency department staff using the MTS, in particular triage nurses themselves. The second edition has been revised throughout and takes in the changes in practice introduced into MTS since the book was first published. These include: Redesigned and expanded flow charts Additional charts for allergy and palpitations New practices - such as the possibility of revascularisation for patients with stroke New discriminators, for example acute neurological deficit and significant respiratory history Redefinition of existing discriminators Also new to this edition is the incorporation of sections on the use of the risk averse system in telephone triage, in settings where 'streaming' takes place and as an early warning score for patients in all unscheduled care settings. The tone of this edition reflects the more up to date, modified approach to triage while retaining the principles of clinical prioritisation, which in the authors' words "remains a central plank of clinical risk management in emergency care". Emergency Triage is an essential handbook for all clinicians involved in unscheduled care settings such as emergency care, walk in centres, minor injury units, primary care out of hours services.

"This short book makes you smarter than 99% of the population. . . . The concepts within it will increase your company's 'organizational intelligence.' . . . It's more than just a must-read, it's a 'have-to-read-or-you're-fired' book"—Geoffrey James, INC.com From the author of the forthcoming An Illustrated Book of Loaded Language, here's the antidote to fuzzy thinking, with furry animals! Have you read (or stumbled into) one too many irrational online debates? Ali Almossawi certainly had, so he wrote An Illustrated Book of Bad Arguments! This handy guide is here to bring the internet age a much-needed dose of old-school logic (really old-school, a la Aristotle). Here are cogent explanations of the straw man fallacy, the slippery slope argument, the ad hominem attack, and other common attempts at reasoning that actually fall short—plus a beautifully drawn menagerie of animals who (adorably) commit every logical faux pas. Rabbit thinks a strange light in the sky must be a UFO because no one can prove otherwise (the appeal to ignorance). And Lion doesn't believe that gas emissions harm the planet because, if that were true, he wouldn't like the result (the argument from consequences). Once you learn to recognize these abuses of reason, they start to crop up everywhere from congressional debate to YouTube comments—which makes this geek-chic book a must for anyone in the habit of holding opinions.

Durante uma exaustiva viagem pelo cerrado brasileiro, um jovem cavaleiro se acidenta. é encontrado por um negro escravizado que generosamente o resgata e o leva sobre os ombros até a propriedade mais próxima. Além deste laço improvável, outra ligação se forma: entre o cavaleiro convalescente e a bela Úrsula, moradora da casa a que ele foi levado para repousar. Combinando esse enredo ultrarromântico com uma abordagem crítica à escravidão, Maria Firmina dos Reis compõe Úrsula, um dos primeiros romances brasileiros de autoria feminina. Por dar voz e agência a personagens escravizados, é vista como a obra inaugural da literatura afro-brasileira. Publicado em 1859, Úrsula foi o primeiro romance brasileiro escrito por uma mulher. Abolicionista, a autora desafiou a sociedade fortemente escravocrata de sua época. Um dos expoentes do romantismo brasileiro, a obra ganhou destaque recentemente depois de mais de um século de apagamento no meio literário.

We are at one of those points in history where God is calling courageous and fearless people to set themselves apart and to radically redefine what it means to make disciples of Jesus. There have been times throughout history where servants of Jesus have broken free from the religious status quo and challenged the prevailing mindset in the church. With stories and insights from over 10 years of church planting and disciple-making in the harvest, this book is a rally cry to those who have heard that call and is an attempt to help mobilise an army of ?Accidental Apostles?. Those who will obey Jesus and make disciples, finding their calling in the process.

In this anecdote-rich narrative, the author of "Mind Power Into the 21st Century" takes readers on his personal journey to the remote corners of the world as he seeks to unlock the mystery of happiness. Two-color throughout.

This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. We have represented this book in the same form as it was first published. Hence any marks seen are left intentionally to preserve its true nature.

A provocative essay collection that finds the Nobel laureate taking on the decline of intellectual life In the past, culture was a kind of vital consciousness that constantly rejuvenated and revived everyday reality. Now it is largely a mechanism of distraction and entertainment. Notes on the Death of Culture is an examination and indictment of this transformation—penned by none other than Mario Vargas Llosa, who is not only one of our finest novelists but one of the keenest social critics at work today. Taking his cues from T. S. Eliot—whose essay "Notes Toward a Definition of Culture" is a touchstone precisely because the culture Eliot aimed to describe has since vanished—Vargas Llosa traces a decline whose ill effects have only just begun to be felt. He mourns, in particular, the figure of the intellectual: for most of the twentieth century, men and women of letters drove political, aesthetic, and moral conversations; today they have all but disappeared from public debate. But Vargas Llosa stubbornly refuses to fade into the background. He is not content to merely sign a petition; he will not bite his tongue. A necessary gadfly, the Nobel laureate Vargas Llosa, here vividly translated by John King, provides a tough but essential critique of our time and culture.

Reconstructed from lecture notes of his students, these are the best records of the theories of Ferdinand De Saussure, the Swiss linguist whose theories of language are acknowledged as a primary source of the twentieth century movement known as Structuralism.

Dr Francis S. Collins, head of the Human Genome Project, is one of the world's leading scientists, working at the cutting edge of the study of DNA, the code of life. Yet he is also a man of unshakable faith in God. How does he reconcile the seemingly unreconcilable? In THE LANGUAGE OF GOD he explains his own journey from atheism to faith, and then takes the reader on a stunning tour of modern science to show that physics, chemistry and biology -- indeed, reason itself -- are not incompatible with belief. His book is essential reading for anyone who wonders about the deepest questions of all: why are we here? How did we get here? And what does life mean?

Popular American essayist, novelist, and journalist CHARLES DUDLEY WARNER (1829-1900) was renowned for the warmth and intimacy of his writing, which encompassed travelogue, biography and autobiography, fiction, and more, and influenced entire generations of his fellow writers. Here, the prolific writer turned editor for his final grand work, a splendid survey of global literature, classic and modern, and it's not too much to suggest that if his friend and colleague Mark Twain—who stole Warner's quip about how

"everybody complains about the weather, but nobody does anything about it"-had assembled this set, it would still be hailed today as one of the great achievements of the book world. Highlights from Volume 23 include: . the poems of Gotthold Ephraim Lessing. the speeches of Abraham Lincoln. the science writing of Linnaeus. the philosophy of John Locke. the poetry of Henry Wadsworth Longfellow. selections from Pierre Loti's An Iceland Fisherman. the nature writing of Sir John Lubbock. and much, much more.

What is a committed employee? Are such employees better or worse off than uncommitted employees? What are the organizational advantages and disadvantages of having a committed workforce? This book overviews academic and popular perspectives on commitment in employees. It examines the multiple faces of commitment and the links that have been established between the various forms of commitment and organizational behaviour. In addition, questions concerning individual differences, organizational characteristics, job characteristics and work experiences associated with commitment are explored. The volume concludes with a discussion of what organizations can do to manage commitment effectively, including under difficult circumst

Pinchas Giller offers a wide-ranging overview of the most influential school of kabbalah in modernity, the Jerusalem kabbalists of the Beit El Yeshivah. The school is associated with the writings and personality of a charismatic Yemenite rabbi, Shalom Shar'abi. Shar'abi's activity overwhelmed the Jerusalem Kabbalah of the eighteenth century, and his acolytes are the most active mystics in contemporary Middle Eastern Jewry to this day. Today, this meditative tradition is rising in popularity in Jerusalem, New York, and Los Angeles, both among traditional Beit El kabbalists and members of the notorious Kabbalah Learning Centers. After providing the historical setting, Giller examines the characteristic mystical practices of the Beit El School. The dominant practice is that of ritual prayer with mystical "intentions," or kavvanot. The kavvanot themselves are the product of thousands of years of development and incorporate many traditions and bodies of lore. Giller examines the archaeology of the kavvanot literature, the principle of the sacred names that make up the majority of kavvanot, the development of particular rituals, and the innovative mystical and devotional practices of the Beit El kabbalists to this day. The first book in the English language to address the character and spread of Jewish mysticism through the Middle East in early modernity, it will be a guidepost for further study of this vast topic.

Anyone who wants to get up to speed quickly with LibreOffice Writer will find this book valuable. You may be new to word processing software, or you may be familiar with another office suite. This book introduces some of the main features of Writer, the word processor component of LibreOffice: Text entry, editing, and formatting (Chapter 3) Page-layout methods, including frames, columns, and tables (Chapter 4) Export to PDF, including bookmarks (Chapter 5) Templates and styles (Chapters 6, 7, and 10) Embedding or linking of graphics, spreadsheets, and other objects (Chapter 8) Built-in drawing tools (Chapter 8) Tables of data (Chapter 9) Mail merge (Chapter 11) Tables of contents, indexes, and bibliographies (Chapter 12) Master documents, to group a collection of shorter documents into a single long document (Chapter 13) Fields and forms (Chapters 14 and 15) Database integration, including a bibliography database (Chapters 11, 12, 15) And many more

Dans ce carnet, vous trouverez beaucoup d'espace pour les notes et les idées. Il peut être utilisé comme carnet, journal intime ou carnet de croquis. Ce carnet a un format de 6 " x 9" (format de lettre) et 150 pages de papier blanc doublé (ligne de date en haut) avec une couverture brillante.

This is a bilingual translation of the complete poems of Fernando Pessoa's heteronym, Alberto Caeiro. The shepherd's distinct philosophy is faithfully rendered in these subtly re-worked poems that preserve the form of unrhymed free verse and the concision of the Portuguese language.

Shows readers how to integrate the computer into all areas of the school curriculum instead of making it a specialized course or just another gadget

NEW YORK TIMES BESTSELLER • This instant classic explores how we can change our lives by changing our habits. **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Wall Street Journal • Financial Times** In *The Power of Habit*, award-winning business reporter Charles Duhigg takes us to the thrilling edge of scientific discoveries that explain why habits exist and how they can be changed. Distilling vast amounts of information into engrossing narratives that take us from the boardrooms of Procter & Gamble to the sidelines of the NFL to the front lines of the civil rights movement, Duhigg presents a whole new understanding of human nature and its potential. At its core, *The Power of Habit* contains an exhilarating argument: The key to exercising regularly, losing weight, being more productive, and achieving success is understanding how habits work. As Duhigg shows, by harnessing this new science, we can transform our businesses, our communities, and our lives. With a new Afterword by the author "Sharp, provocative, and useful."—Jim Collins "Few [books] become essential manuals for business and living. *The Power of Habit* is an exception. Charles Duhigg not only explains how habits are formed but how to kick bad ones and hang on to the good."—Financial Times "A flat-out great read."—David Allen, bestselling author of *Getting Things Done: The Art of Stress-Free Productivity* "You'll never look at yourself, your organization, or your world quite the same way."—Daniel H. Pink, bestselling author of *Drive* and *A Whole New Mind* "Entertaining . . . enjoyable . . . fascinating . . . a serious look at the science of habit formation and change."—The New York Times Book Review

You are a step away from finding the best collection of hot, steamy, and passionate sex stories that will keep you entertained, relaxed, curious, excited, and very horny for hours on end! We all have wild sexual fantasies that we wish could come to life. Some are taboo, though, so we know they can't happen in our real world, but we still can't help but think about them, if presented with the opportunity to fantasize about them! That's what this book aims to achieve - push the boundaries of what's possible in your world so that you get a peek of the taboo wild sex fantasies that are deeply embedded in your mind! The sizzling hot erotic stories in this book will help unleash your wildest fantasies by freeing you of the guilt and pushing your sexual desires to the limit. Studies show that 30 to 45 minutes of listening to erotic sex stories results in a good mood, healthy sexual communication

between partners, and increased arousal. People who listen to sex stories have 74 percent more chances of having sex than those who don't. And this book will help you achieve all that and much more. Do you have some wild sex fantasies that you would rather let them live in the fantasy world because they are so much of a taboo? Would you rather let your imaginations do the work rather than watch the same old repetitive crap in the name of X-rated movies? Are you looking for sex stories that will keep you entertained, horny, and looking forward for a possible release? Are you looking for hot sex ideas to try out with your partner? Are you excited and curious to know the dirty doings, naughty romps, and rough poundings of other people? If so, this book is for you! Start listening, as it covers erotic taboo stories that will literally rock your world with pure lust, desire, and anticipation as you wet your pants! Literotica or erotic fiction allows you to be in control of your fantasies by giving you the freedom to set the pace, choose what kind of story to listen to, and indulge your imagination to picture what's happening exactly in the stories. Whether you're into sexy fan fiction, queer sex, or you are just looking for steamy sex scenes to get you in the mood, this book is perfect for you. These stories describe a world of forbidden desires and delicious aches that provide true explicit stories, true desires and true passion. Get a chance to indulge in your wildest fantasies. What are you waiting for?

“A tour de force.”—Gordon S. Wood, New York Times Book Review How were human rights invented, and how does their tumultuous history influence their perception and our ability to protect them today? From Professor Lynn Hunt comes this extraordinary cultural and intellectual history, which traces the roots of human rights to the rejection of torture as a means for finding the truth. She demonstrates how ideas of human relationships portrayed in novels and art helped spread these new ideals and how human rights continue to be contested today.

Data de fechamento: 05-12-2019 / Como todo livro da Coleção Esquematizado® esta obra apresenta esquemas e quadros para tornar o aprendizado mais ágil e agradável, além de outros recursos gráficos que auxiliam o estudo e a fixação do assunto. O objetivo que levou o autor a desenvolver este trabalho prendeu-se à necessidade de elaborar uma obra que pudesse abordar de maneira mais compacta os diversos pontos do programa de Direito Administrativo. O autor traz de maneira didática os principais aspectos do Direito Administrativo, analisando os pontos essenciais por meio de uma abordagem direta, com posições doutrinárias e também teses que têm prevalecido em nossos Tribunais. Ao final de cada capítulo o leitor terá acesso a quadros sinóticos e questões de concursos relacionadas ao tema. A obra é indicada para alunos de graduação e para aqueles que se preparam para os principais concursos públicos do país.

Bringing together the styles and techniques of some of the most highly regarded chefs in North America, this book serves up a unique collection of menus. The recipes embrace the diverse and innovative talents of such exciting, renowned Relais & Châteaux chefs as Patrick O'Connell, Daniel Boulud, Thomas Keller and Jean-Georges Vongerichten, each of whom has been awarded Grand Chef status by Relais & Châteaux. From the technically challenging and groundbreaking to classic and traditional, the recipes featured all encourage the use of the freshest ingredients, locally sourced wherever possible. This is the second time that every chef within Relais & Châteaux in North America has collaborated to produce a cookbook, and with recipes for every level of ability, this book will bring hours of pleasure and achievement to all enthusiastic cooks, and hopefully awaken dormant talent in others.

This classic work of constitutional theory analyzes the general structure of constitutional rights and their judicial application. It deals with a wide range of problems common to all systems of constitutional rights review - from balancing rights to deciding the limits of their scope.

Looks at the updates, changes, and enhancements of the 2007 Microsoft Office system, with information on Word, Excel, PowerPoint, Publisher, OneNote, Access, Outlook, and Groove.

Details descriptions of the principles associated with each layer and presents many examples drawn the Internet and wireless networks.

What is science for a child? How do children learn about science and how to do science? Drawing on a vast array of work from neuroscience to classroom observation, *Taking Science to School* provides a comprehensive picture of what we know about teaching and learning science from kindergarten through eighth grade. By looking at a broad range of questions, this book provides a basic foundation for guiding science teaching and supporting students in their learning. *Taking Science to School* answers such questions as: When do children begin to learn about science? Are there critical stages in a child's development of such scientific concepts as mass or animate objects? What role does nonschool learning play in children's knowledge of science? How can science education capitalize on children's natural curiosity? What are the best tasks for books, lectures, and hands-on learning? How can teachers be taught to teach science? The book also provides a detailed examination of how we know what we know about children's learning of science--about the role of research and evidence. This book will be an essential resource for everyone involved in K-8 science education--teachers, principals, boards of education, teacher education providers and accreditors, education researchers, federal education agencies, and state and federal policy makers. It will also be a useful guide for parents and others interested in how children learn.

jQuery is one of the most popular and powerful JavaScript libraries available today. It's widely used to create rich user experiences and to simplify website and application development. It is the tool of choice for web developers everywhere and sets the standard for simplicity, flexibility and extensibility. This book demonstrates how jQuery can be used with HTML5 to achieve excellent results. In *Pro jQuery*, seasoned author Adam Freeman explains how to get the most from jQuery by focusing on the features you need for your project. He starts with the nuts and bolts and shows you everything through to advanced features, going in depth to give you the knowledge you need. Getting the most from jQuery is essential to truly mastering web development.

One of the most phenomenally acclaimed and successful books of recent years is now available as a paperback—with three just-discovered stories Here, gathered in one volume, are the stories that made Clarice a Brazilian legend. Originally a cloth edition of eighty-six stories, now we have eighty-nine in all, covering her whole amazing career, from her teenage years to her deathbed. In these pages, we meet teenagers becoming aware of their sexual and artistic powers, humdrum housewives whose lives are shattered by unexpected epiphanies, old people who don't know what to do with themselves—and in their stories, Clarice takes us through their lives—and hers—and ours.

Packed with ways to liven up your meals whilst sticking to the Dukan diet and reaching your goal, these recipes feature a range of dressings, sauces and desserts.

Part of being human is experiencing setbacks, both minor and major. What can set you apart is how you deal with them. In *You Are Irreplaceable*, author Augusto Cury encourages you to get back to a time when you were driven by the dream of being alive, not controlled by your troubles and opponents. *You Are Irreplaceable* takes you on a winding spiritual journey starting when your life was simple and uncomplicated. sampling of Augusto's inspirational reflections: "Criticize every negative thought—complacency, compliance, and passivity must all be questioned and

the causes of inner conflict must be considered. Demand happiness, confidence, and well-being. Broaden your emotional range and embrace new experiences. Be the author, not the victim, of your history!" Augusto Cury can help you cope with failure, grief, and fear. Let him inspire success, well-being, and happiness.

These essays are mainly concerned with the development of some of Max Gluckman's ideas about African politics. He regarded frequent rebellions to replace incumbents of political offices (as against revolutions to alter the structure of offices) as inherent in these politics. Later he connected this situation with modes of husbandry, problems of the devolution of power, types of weapons and the law of treason. He advanced to a general theory of ritual, as well as to general propositions about the position of officials representing conflicting interests within a hierarchy, typified by the African chief under colonial rule. Originally published in 1963.

Wherever he goes, the dreamseller enchants, stirs up trouble and inspires his listeners to search for the most important thing: the heart of the human soul. Every person he meets is someone who has abandoned their dreams and is struggling through life: a professor who has stopped pursuing his passions, an alcoholic who has no family, the elderly who have lost their zest for life. Through his questioning and wisdom, the dreamseller helps them to look into their silent hearts and get to the root of their unhappiness. *The Dreamseller: The Calling* is moving, entertaining and ultimately inspiring. This book will make you laugh and cry, but above all, it will make you reflect on the purpose of your life, value others and become empowered to believe in your dreams.

"What the future fortunes of [Gramsci's] writings will be, we cannot know. However, his permanence is already sufficiently sure, and justifies the historical study of his international reception. The present collection of studies is an indispensable foundation for this." —Eric Hobsbawm, from the preface Antonio Gramsci is a giant of Marxian thought and one of the world's greatest cultural critics. Antonio A. Santucci is perhaps the world's preeminent Gramsci scholar. Monthly Review Press is proud to publish, for the first time in English, Santucci's masterful intellectual biography of the great Sardinian scholar and revolutionary. Gramscian terms such as "civil society" and "hegemony" are much used in everyday political discourse. Santucci warns us, however, that these words have been appropriated by both radicals and conservatives for contemporary and often self-serving ends that often have nothing to do with Gramsci's purposes in developing them. Rather what we must do, and what Santucci illustrates time and again in his dissection of Gramsci's writings, is absorb Gramsci's methods. These can be summed up as the suspicion of "grand explanatory schemes," the unity of theory and practice, and a focus on the details of everyday life. With respect to the last of these, Joseph Buttigieg says in his *Nota*: "Gramsci did not set out to explain historical reality armed with some full-fledged concept, such as hegemony; rather, he examined the minutiae of concrete social, economic, cultural, and political relations as they are lived in by individuals in their specific historical circumstances and, gradually, he acquired an increasingly complex understanding of how hegemony operates in many diverse ways and under many aspects within the capillaries of society." The rigor of Santucci's examination of Gramsci's life and work matches that of the seminal thought of the master himself. Readers will be enlightened and inspired by every page.
