Most people get married with the assumption that marriage itself is a destination. But along the way, you discover that, as wonderful as marriage may be, it is more of a journey than it is a destination. Rather than being an island of unending bliss, it's more like a long road trip; the kind of road trip where you are excited for the destination, love the memories along the way...and sometimes get annoyed with aspects of the journey. In this practical book; a travel guide, of sorts; Paul and Chappell, Terrie candidly share biblical principles and personal, transparent illustrations that will equip you to go further as a couple. Whether you are a newlywed or have been married for decades, you will find in these pages truths to help you clarify your destination, communicate your needs, grow as a couple, and even shed some luggage along the way. No couple has "arrived." But every Christian couple can enjoy marriage as the incredible journey God intended it to be.

The authors' sober, straightforward, no-holds-barred warning prepares the readers to answer "hard questions" for themselves as to "Where in the World Is the Church ... When All Hell Breaks Loose...?" Is this the "end" or just the beginning in this crucial, climactic, redeeming chapter of human history? A gripping fictionalized account of real events that will occur on planet Earth. A story that could begin with tonight's broadcast of the evening news.

Despite growing interest in digital diplomacy, few studies to date have evaluated the extent to which foreign ministries have been able to realize its potential. Studies have also neglected to understand the manner in which diplomats define digital diplomacy and envision its practice. This article explores the digital diplomacy model employed by four foreign ministries through interviews and questionnaires with practitioners.

This book will help enhance the reading ability of young readers by using 'spot words' and repetition.

When Bigfoot is driving the bus, a field trip can feel legendarily long...but the best surprise of all is yeti to come! When Yeti, the school bus driver, takes the class on a surprise trip, everyone wants to know: "Are we there, Yeti?" And when they finally arrive, a new adventure is in store! Told with simple text and delightful illustrations, Ashlyn Anstee's debut picture book presents a fun, new take on a timeless question.

Little Bear has always dreamed about taking a trip to the big, blue sea! Join him and Daddy Bear as they set off on the long journey, meet new forest friends, and explore new places along the way! Perfect for fans of Where'd You Go, Bernadette and Small Admissions, a wry and cleverly observed debut novel about the privileged bubble that is Liston Heights High—the micro-managing parents, the overworked teachers, and the students caught in the middle—and the fallout for each of them when the bubble finally bursts. When a devoted teacher comes under pressure for her progressive curriculum and a helicopter mom goes viral on social media, two women at odds with each other find themselves in similar predicaments, having to battle back from certain social ruin. Isobel Johnson has spent her career in Liston Heights sidestepping the community's high-powered families. But when she receives a threatening voicemail accusing her of Anti-Americanism and a liberal agenda, she's in the spotlight. Meanwhile, Julia Abbott, obsessed with the casting of the school's winter musical, makes an error in judgment that has far-reaching consequences for her entire family. Brought together by the sting of public humiliation, Isobel and Julia learn firsthand how entitlement and competition can go too far, thanks to a secret Facebook page created as an outlet for parent grievances. The Liston Heights High student body will need more than a strong sense of school spirit to move past these campus dramas in an engrossing debut novel that addresses parents behaving badly and teenagers speaking up, even against their own families. A young boy describes the trip he and his father make to Grandma's house, measuring how many miles are left at various points on the trip.

"Are we there yet, Nanna?" a sleepy grandchild asks. "Not quite yet, just a few more miles to go," Poppa replies. Moments later, our GPS confirms his prediction as it announces, "You have arrived!" "Are we there yet?" How many times have we heard these words while raising 22 children? And now grandchildren are chiming in! How many times did we ask our own parents while growing up in Vermont? "Are we there yet?" How many times have we asked God this very question, hoping for that answer "You have arrived!"? Have we completed our family? Have we arrived in our careers? Are we there yet spiritually? God's answer is always "Not quite yet - you have a few more miles to go" Come along with Hector and Sue Badeau on their ultimate road trip - adopting and raising 22 children, from diverse backgrounds with many special needs. Like any road trip, their story has twists and turns, detours and surprises. You'll be inspired, laugh out loud and shed tears as you share their experiences in foster care and adoption, coping with teenage pregnancies, addictions, unimaginable accomplishments and raw moments of grief after the untimely death of a beloved child. "Are We There Yet" is an entertaining story which also imparts nuggets of parenting wisdom for any parent or grandparent. It is packed with spiritual truths and life lessons for teachers, social workers, pastors and others who care about vulnerable children and families in our world today.

In this board book about common toddler problems, the bestselling character Jim Panzee finds out that waiting is never easy. Jim Panzee is faced with something everyone hates... waiting...and waiting...and more waiting. Jim tries to be patient but he's even impatient waiting for patience. It doesn't happen right away, but eventually, Jim realizes that some things are worth waiting for. A simple text and humorous artwork offer parents the perfect funny book to help their toddler with waiting, even when they really don't want to.

Escape on a round-the-world trip with Lucy Vine's hilarious novel about FOMO, #findingthefun and losing yourself - longlisted for the Comedy Women in Print Prize 2020 'Made me scream laughing. I enjoyed it SO much' Marian Keyes 'Have you ever messed up so badly you had to leave the country? This feelgood journey contains one of the best vagina jokes ever. We didn't want it to end' Heat Magazine Alice is turning thirty and is stuck in a rut. Her friends are all coupling up and settling down, while she's still working as a temp, trying (and failing) not to shag her terrible ex, getting thrown out of clubs, and accidentally sexting her boss... She decides to throw caution to the wind and jets off on a round-the-world adventure to #FindTheFun and find herself. Of course, she's no more likely to find the answer to true happiness on the beach in Thailand than she is at the electric beach in Tooting, but at least in Thailand there's paddleboard yoga. Can Alice find happiness on her travels? Or is she more likely to lose herself all over again...? 'Really, really funny, but also kind of heart wrenching' Sophie Kinsella 'Hilarious and touching' Louise O'Neill 'Warning: read this book and you will doubtless snort with laughter in inappropriate public places. Quite simply, #brilliant' Ella Dove 'Her best work yet: it's funner, it's more tender . . . You need to have this in your beach bag' Laura Jane Williams 'I tore through this quicker than a

"If you enjoyed Jan Karon's Mitford series, I think you'll love the Dearest Dorothy series" (Christian Fiction Reviewer). On the outskirts of the pastoral Illinois town of Partonville, Illinois, eighty-seven-year-old Dorothy Wetstra lives on her farm, venturing out to drive around in her '76 Lincoln Continental—affectionately dubbed "The Tank"—play bunco with her pals, or grab a stool at Harry's counter, where she can stay on top of the town's latest shenanigans (most of which she is responsible for). But when a visitor comes to town with a proposition, Dorothy finds herself faced with a decision that could change her beloved town, and her life. Before long, her gift for shaking things up may come in handy . . . This is the first in the delightful small-town series starring "the plucky 80-something grandma who's a demon at the wheel" (Publishers Weekly).

Every day family life with a big dose of humor. Think Bombeck and Dave Barry...then think again. Dr. Monica Anderson--mother, grandmother, humorist and dentist has a unique style that delivers a dose of laughter you'll never forget!

Despite seeming endless debate and public attention given to the issue for several decades, those committed to creating welcoming and engaging campus environments for all students recognize that there is considerably more work to be done, and ask "Why aren't we there yet, and when will we be done?" While our campuses have evolved from being exclusionary and intolerant, and publicly espouse the objectives of being welcoming, accepting, affirming, and engaging, the data on admissions, retention, and graduation clearly indicate that these goals have not been achieved. The contributors to this book seek to offer new insights to improve student affairs, emphasizing action that recognizes this is a complex and multi-faceted process, and beginning with the assertion that, without recognizing the influences of privilege and inequality, we educators cannot promote truly welcoming environments. This book focuses on guiding individuals and groups through learning how to have difficult conversations that lead us to act to create more just campuses, and provides illustrations of multiple ways to respond to difficult situations. It advocates for engaging in fruitful dialogues regarding differing social identities including race, ethnicity, religion, gender, and sexual orientation, to lead readers through a process that advocates for justice, and for taking personal responsibility for contributing to the solution. The book is framed around the five elements of the process of engaging in difficult conversations that not only advocate for change but also create change: self knowledge, knowledge of and experiences with others, understanding historical and institutional contexts, understanding how to change the status quo, and transformative action.

"Turning to face north, face the north, we enter our own unconscious. Always, in retrospect, the journey north has the quality of dream." Margaret Atwood, "True North" In this interdisciplinary collection, sixteen scholars from twelve countries explore the notion of the North as a realm of the supernatural. This region has long been associated with sorcerous inhabitants, mythical tribes, metaphysical forces of good and evil, and a range of supernatural qualities. It was both the sacred abode of the gods and a feared source of menacing invaders and otherworldly beings. Whether from the perspective of traditional Jewish lore or of contemporary black metal music, few motifs in European cultural history show such longevity and broad appeal. Discussing recent findings, up-to-date research, and novel strategies, the book integrates perspectives from pharmacology, toxicology, and biochemistry to illustrate the potential of lysosomes in drug discovery and development. • Explores basic principles and properties of lysosomes that allow them to act as regulators of cell metabolism, therapeutic targets, and sites for activation of drug conjugates • Discusses the role of lysosomes in metabolism, drug targeting, apoptosis, cancer, aging, inflammation, autophagy, metabolism, toxicity, and membrane repair • Introduces new pathways in therapeutic development and new mechanisms in drug development

Are We There Yet? is a collection of essays grouped around three major themes: the collapse of the American empire; the question of individual identity; and some thoughts regarding the nature of a post-collapse world. The book analyzes what has gone wrong with the United States since its inception, and the problems we now face as a result. It discusses the elements of a healthy human identity--elements that are largely absent from the American scene. And it poses alternatives to all of this, models already present in the consciousness of a few, and which, post-collapse, may possibly be realized several decades down the line. In the course of this discussion, the author reviews the pathology of smart phones and related electronic gadgets; the phenomenon of Hillary Clinton as an archetypal American disaster, and of Joe Bageant as an unsung hero; and the visionary work of scholars such as Pitirim Sorokin and Lewis Mumford. All in all, Are We There Yet? will have you thinking about what the possibilities are for achieving some semblance of sanity in a world completely out of kilter. "Alice Sullivan, a high-achieving architect and mom of two, is used to being in control--until life rips the blueprints right out of her hands. While she's always strived for a picture perfect life, Alice's foundation is rocked when she discovers her daughter is failing reading at school, and worse, her son is a bully, having humiliated a classmate on stage in front of 500 of their peers. Alice feels desperate to make things right, but when she turns to her friends for support, she discovers her own social standing has eroded now that she's one of 'those moms' who can't control her kids"--

"Seriously! Are We There Yet?!" is here to remind you of the power to course-correct along your journey by embracing new choices, beliefs & actions. This book will guide you back to your heart. It's a gem!" - Nancy Levin, author & life coach The perfect holiday gift for grownups. Full of whimsy and wisdom, it's for everyone on life's journey.

Digital transformation across the public sector has stalled. After over 25 years of considerable time, money, and effort at national, state, and local levels, we're still not 'there' yet. The reason is that successive waves of investment in digital transformation have focused largely on improving the transactional functions and activities of government. They have failed to embrace a bigger challenge - the need for governing and government to rethink a new 'theory of the business' - which that same revolution has caused and to which it is

an inescapable part of the answer. This is a unique, timely, and distinctly Australian look at a global phenomenon by two 'reflective practitioners'. Their personal and practical experience of digital transformation in government and the public sector in Australia suggests it is a story missing half its plot. Packed full of insights from government and digital leaders from around Australia and across the world, this is a much-needed practical guide for public servants and leaders in any jurisdiction. It contains insights and ideas about the way digital technologies, and their associated tools, platforms, and cultures, are changing the business of governing and the design and delivery of public policy and services. "Are We There Yet? lucidly diagnoses how digital technologies, including AI and big data, are transforming the role of the public servant and the project of governance itself. Stewart-Weeks and Cooper describe the important shift from power to problem-solving and explain how to harness digital transformation to make government work better for all of us." - Beth Noveck, author of Wiki Government, former Deputy Chief Technology Officer in the Obama White House, Professor in Technology, Culture & Society, New York University and Chief Innovation Officer for New Jersey "I've read a lot about the potential impact of digital technology on public services ... this is the first book to persuade me that the power of digital, properly conceived, really can transform the nature of democratic governance." - Professor Peter Shergold AC, Chancellor, Western Sydney University, Former Secretary, Department of Prime Minister and Cabinet

INSTANT NATIONAL BESTSELLER "Goes down as easy as a gin and tonic on a summer day." - J. Courtney Sullivan, New York Times Book Review "The summer read that predicted the college-admissions scandal." -The Wall Street Journal Smart and juicy, a compulsively readable novel about a previously happy group of friends and parents that is nearly destroyed by their own competitiveness when an exclusive school for gifted children opens in the community This deliciously sharp novel captures the relentless ambitions and fears that animate parents and their children in modern America, exploring the conflicts between achievement and potential, talent and privilege. Set in the fictional town of Crystal, Colorado, The Gifted School is a keenly entertaining novel that observes the drama within a community of friends and parents as good intentions and high ambitions collide in a pile-up with long-held secrets and lies. Seen through the lens of four families who've been a part of one another's lives since their kids were born over a decade ago, the story reveals not only the lengths that some adults are willing to go to get ahead, but the effect on the group's children, sibling relationships, marriages, and careers, as simmering resentments come to a boil and long-buried, explosive secrets surface and detonate. It's a humorous, keenly observed, timely take on ambitious parents, willful kids, and the pursuit of prestige, no matter the cost.

Take a trip to Italy in this "introspective, moving, and honest" (Publishers Weekly) novel by bestselling author David Levithan (Every Day; Will Grayson, Will Grayson with John Green) in which fledgling family bonds are threatened by new love. Sixteen-year-old Elijah is completely mellow and his 23-year-old brother Danny is completely not, so it's no wonder they can barely tolerate one another. So what better way to repair their broken relationship than to trick them into taking a trip to Italy together? Soon, though, their parents' perfect solution has become Danny and Elijah's nightmare as they're forced to spend countless hours together. But then Elijah meets Julia, and soon the brothers aren't together nearly as much. And when Julia suddenly decides that maybe it's Danny she's really interested in, Danny has a decision to make: does he honor his relationship with the brother he thinks hates him, or does he follow his heart, which sorely needs some repairing of its own?Elijah and Danny don't think they have anything in common except their parents. Danny thinks Elijah is a lazy, slacking, clueless dreamer who doesn't know how to make a living. Elijah thinks Danny is a workaholic, stuck-up, soulless drone who doesn't know how to make a life. Yes, they're brothers. Then their parents trick them into taking a trip to Italy together. Nine days of escape. Nine days of somewhere else. Elijah and Danny aren't sure it's going to work. Until they each meet a girl—the same girl. Julia. And nothing will ever be the same again. AN ALA BEST BOOK FOR YOUNG ADULTS

Tech giants and automakers have been teaching robots to drive. Robot-controlled cars have already logged millions of miles. These technological marvels promise cleaner air, smoother traffic, and tens of thousands of lives saved. But even if robots turn into responsible drivers, are we ready to be a nation of passengers? In Are We There Yet?, Dan Albert combines historical scholarship with personal narrative to explore how car culture has suffused America's DNA. The plain, old-fashioned, human-driven car built our economy, won our wars, and shaped our democratic creed as it moved us about. Driver's ed made teenagers into citizens; auto repair made boys into men. Crusades against the automobile are nothing new. Its arrival sparked battles over street space, pitting the masses against the millionaires who terrorized pedestrians. When the masses got cars of their own, they learned to love driving too. During World War II, Washington nationalized Detroit and postwar Americans embraced car and country as if they were one. Then came 1960s environmentalism and the energy crises of the 1970s. Many predicted, even welcomed, the death of the automobile. But many more rose to its defense. They embraced trucker culture and took to Citizen Band radios, demanding enough gas to keep their big boats afloat. Since the 1980s, the car culture has triumphed and we now drive more miles than ever before. Have we reached the end of the road this time? Fewer young people are learning to drive. Ride hailing is replacing car buying, and with electrification a long and noble tradition of amateur car repair—to say nothing of the visceral sound of gasoline exploding inside a big V8—will come to an end. When a robot takes over the driver's seat, what's to become of us? Are We There Yet? carries us from muddy tracks to superhighways, from horseless buggies to driverless electric vehicles. Like any good road trip, it's an adventure so fun you don't even notice how much you've learned along the way.

The subject of the return of Jesus has fueled speculation ever since He left. When is He coming? Will we know when He is about to return? Are the things happening in our world today "signs of the times"? What does the book of Revelation say about the return of Jesus? And what about the nation of Israel? What role do they play in end-times scenarios?

Mike Reed attempts to address these and other questions about Christ's return in this book. For the average person and even for those who have studied the topic for awhile, the subject of Christ's return can be overwhelming. In this book, the author will attempt to guide the reader into an understanding of the return of Christ first based upon what Jesus said about it and then looking at what the apostles and prophets have said. The basis for the confusion on the subject is because most authors have not followed that sequence. This is a book written for laymen. It attempts to utilize good scholarship, but it is written for the nonacademic follower of Jesus who wants to understand what our Lord said about this most important topic. The book is also written with the desire to be a good example of how to utilize sound and time-honored methods of interpretation, which can be applied to any topic of scripture.

Faced with the difficulties of growing up and choosing a religion, a 12-year-old girl talks over her problems with her own private God. Reissued with a fresh new look and cover art. Simultaneous.

Caldecott Medalist Dan Santat--creator of The Adventures of Beekle: The Unimaginary Friend and After the Fall--takes readers on the road trip of a lifetime! "Are we there yet?" Every parent has heard this classic kid question on a long car ride--and after reading this astonishingly inventive new book (that even turns upside down for several pages!), you'll never look at being bored the same way again. Let's face it: everyone knows that car rides can be boring. And when things get boring, time slows down. In this book, a boy feels time slowing down so much that it starts going backward--into the time of pirates! Of princesses! Of dinosaurs! The boy was just trying to get to his grandmother's birthday party, but instead he's traveling through Ancient Egypt and rubbing shoulders with Ben Franklin. When time flies, who knows where--or when--he'll end up.

Initially excited to start their road trip, a brother and sister soon become restless and wonder when they will arrive at their destination.
