

## Ent Mcqs For Medical Students With Explanatory Answers Masterpass

This book of multiple choice questions in otolaryngology has been specifically compiled for postgraduate medical students wishing to specialize in otolaryngology, but should also be useful to medical undergraduates with an interest in the subject. Cross-references throughout to the 6th edition of Scott-Brown's 'Otolaryngology' make these books the ideal package for all medical trainees wishing to enter this specialty.

Ear, Nose and Throat at a Glance provides a highly-illustrated, accessible introduction to this practical but complex topic, which is increasingly encountered in every-day outpatient settings, as well as surgical departments. Each double-page spread diagrammatically summarises the basic science relating to each anatomical area, outlines practical guidelines on the examination of patients, and provides an overview of the most common disorders and diseases. This brand new title in the best-selling at a Glance series features high-yield information on all the topics covered at medical school, and includes: Advice on clinical skills, practical examinations and procedures, such as otoscopic examinations, and tuning fork tests Comprehensive illustrations showing anatomy and mechanisms of hearing Assessment, management and treatment of both chronic and acute conditions ENT trauma and emergencies Multiple Choice Questions (MCQs) and Extended Matching Questions (EMQs) to help test learning Ear, Nose and Throat at a Glance is the ideal companion for anyone about to start the ENT attachment, or 'special senses' rotation, and will appeal to medical students and junior doctors, as well as nurses, audiologists and other health professionals.

This book contains all the important questions asked in the theory/practical/viva exams to pass.

The Diploma in Otolaryngology - Head & Neck Surgery (DOHNS) is now an intercollegiate examination, and can count towards membership of one of the surgical colleges of Great Britain. The DOHNS has evolved to fit its new role, leaving little up-to-date material available for candidates preparing for the written component. This book by former DOHNS candidates meets that need, focusing on topics that are likely to be examined. Each answer is accompanied by an explanation using current evidence-based research wherever possible. This will be an essential revision text for all DOHNS candidates.

ENT Board Prep is a high-yield review that is an ideal study guide for the ENT in-service and board exams. While other review guides are low yield or more of a textbook, this is quick, concise, and easy-to-use, providing everything you need to know in a easy to digest format. ENT Board Prep offers review on sections such as cancer, ear, sinus, plastics, sleep, and laryngology, as well as case studies useful for studying for the oral board exams. Written and edited by leaders in the field, this book aims to serve future residents and fellows in those crucial weeks leading up to the ENT board exam.

An invaluable self-assessment tool for emergency medicine trainees in Australasia. Emergency Medicine MCQs is an essential resource for Australasia's emergency medicine trainees. A practical self-assessment tool, the book assists trainees as they expand and refine their knowledge of emergency medicine, and will ultimately help them pass the Australasian Emergency Medicine Fellowship examination (FACEM). The multiple-choice questions in Emergency Medicine MCQs cover both the core and non-core areas in the Australasian Emergency Medicine Fellowship. Using this text, trainees can revise alone or with their peers to identify the areas in which they need further development. The curriculum is divided into three main areas where trainees require expert level of knowledge, high level of knowledge and general level of knowledge. It covers important clinical problems encountered in everyday emergency medicine practice – from cardiovascular emergencies through to obstetric and gynaecology emergencies, disaster management and toxicology. As well as being ideal for emergency medicine trainees qualifying through AECM, the book is a useful resource for GPs taking the GEM qualification through ACEM and JMOs 'on call'. Plus, this emergency medicine text is accompanied by an app – a separate product containing 180 randomised multiple-choice questions on all the topics within the book.
