‘Utterly heart-breaking, absorbing, and tender...will stay with you long after you finish the last page.’ Christy Lefteri, bestselling author of *The Beekeeper of Aleppo* ‘Beautiful. Poignant. Phenomenal...I cried and I smiled...Truly a gem.’ Goodreads reviewer ‘Refugees are like seeds that scatter in the wind, and land in different soils that become their reluctant homes’ my mother once told me. As a small child, I looked up at my mother and clutched her hand. The puffiness of her palm reminded me of a loaf of warm pita bread, and when she laced her fingers into mine like a pretzel, I felt safe. I would have walked with her to the ends of the earth. When Mona moved from California to Ramallah to teach conflict resolution in a school for a year, she kept a journal. Within its pages, she wrote her impressions of her homeland, a place she had only experienced through her mother’s memories. As she settled into her teaching role, getting to know her students and the challenges they faced living in a militarized, occupied town, Mona also embarked on a personal pilgrimage to find her mother’s home in Jerusalem. Mona had dreamed of being guided by her mother down the old souqs, and the leafy streets of her neighborhood, listening to the muezzin’s call for prayer and the medley of church bells. But after fifty-nine years of exile, it was Mona’s mother who held her daughter’s hand as they visited Jerusalem together, walking the narrow cobblestone alleys of the Old City. Their roles were reversed. Mona had become her Mama’s legs and her memory – and the one to tell her story going forward.

In *Following My Own Footsteps*, sixth-grader Gordy Smith comes to grips with the fear that he'll turn out no better than his abusive father . . . With his father now in jail and one brother hospitalized, Gordy's mother has no choice but to take the family to their wealthy grandmother's house in North Carolina. There Gordy meets William, a boy who had polio and is now wheelchair bound. Though they become friends, Gordy's plans to help William fail spectacularly. Matters only get worse when Gordy's father is released from prison and his mother is poised to give him a second chance. Gordy must decide where he belongs—with his dysfunctional parents or with the grandma who is more than his match in toughness, in courage, and in love. "A cast of unforgettable characters inhabit this work, seasoned with WW II setting but utterly contemporary in its concerns. Hahn is in top form, proving through Gordy's first-person narration that real love can triumph over all kinds of adversity, and often does."—Kirkus Reviews "The complex characterizations, period setting and Gordy's brave attempts to break a cycle of violence will hold readers' interest."—Publishers Weekly "It's a timeless social issue really, in any era, of having a dysfunctional abusive parent . . . A very good story showcasing complex friendships, familial relationships, and inner conflict, all set in WW2 America."—Cats and Fiction

straight, his instincts sharp. Or so he thinks. Until Anna Johnson. Hours before washing her dried blood from his body, Steve holds the young woman's hand in the wreckage of the car, comforting her as best as one stranger to another can in the most critical moment of her life. He's the last person she'll see. She's another tragic victim of the road. Another fatality. At the end of another shift. Except she won't go away. Pale blue eyes and porcelain skin framed by ebony hair haunt his sleep at night and his conscience during the day. Compelled to find out more about what, or who, caused Anna to lose control of the car that night, Steve goes looking for answers. But they're not easy to find. And the more he tries to do right, the more everyone tells him he's wrong, until – piece by piece – he can't be entirely sure of the difference any more. As the autopilot driving his life falters – colleagues questioning his decisions, physical sensations he can't control, thoughts that leave him uneasy – the truth about Anna Johnson begins to unravel. And it's nothing like he expects. Critical Incident is a gripping and heart-breaking page-turner, and the first book in the Code Zero police drama series This book was previously published under the title No Further Action "A wonderfully touching and powerful story." "A must read for anyone who likes deep, sometimes funny, sometimes heartbreakingly sad, explorations of the human condition." "Had me engaged from the start"?

Footsteps, like Hemingway's For Whom the Bell Tolls and Wouk's The Winds of War, is a story filled with suspense, romance, and sudden violence. It is 1941, only days after the infamous attack at Pearl Harbor. Two young army lieutenants-Jennifer, a beautiful nurse, and Jonathan, who falls in love with her almost immediately-are sent to rescue a world-famous physicist from behind German lines in Norway. The physicist had been dispatched by Roosevelt to spy on German atomic energy progress. Chased by the enemy, hampered by the physicist's deteriorating health, impacted by a blossoming romance, and faced with harsh winter conditions, the two young Americans struggle to avoid disaster. An epic battle occurs-with results that echo throughout the novel. The explosive action of Footsteps soon expands to include the whole war-torn world, with action scenes involving the doomed Allied raid at Dieppe, the Russian Front, the Normandy D-Day invasion, and ferocious air battles in the Pacific. Fictional characters with significant roles include an American fighter pilot, a British Special Operations officer, overworked medical personnel, and a pair of German officers-one cruel, the other surprisingly tender-hearted. World War II rages, and human emotions smolder, clouded by issues of conscience and morality. Survivors meet again-enemies as well as friends-in ways both dreamed of and quite shocking.

An unconventional Vampire novel, *NosFairytale* suggests that what we are taught about vampires is wrong. The lore we know is merely a cover up for what vampires really are. They are just like us in appearance and demeanor. They walk in the light as we do. They hide the secrets of their feeding habits from the ones they love as easily as one tells a white lie. Some have only that to hide, but others must hide their motives and aspirations. The bones and belongings of the deceased are discarded, but their thirst for wealth and comfort are on full display in this story. Within the city of Atlanta, Georgia, two criminal organizations struggle for control of territories and markets. The young organization, Silo, hopes to overtake and consume its rival, the organization lead by Mr. C, a name known only by rumor, but backed by carnage. The struggle of the two organizations is slow to start, until Mr. C. finds the means to force a new recruit to work for them, a recruit they don't know is a vampire. The vampire is proficient at first, but even more so when Silo kills Norine, the woman he loves, and nearly kills him. The vampire had only one reason to pace himself, Norine, and without her, he is unrestrained... even Mr. C. finds the vampire can't be held back. The only things that sparkle during his rampage are blood and broken glass. Three months into her new role as a psychiatrist at a
