

## Spies Of The Great War Adventures With The Allied Secret Service

NEW YORK TIMES BESTSELLER From one of the foremost historians of the period and the acclaimed author of *Inferno* and *Catastrophe: 1914*, *The Secret War* is a sweeping examination of one of the most important yet underexplored aspects of World War II—intelligence—showing how espionage successes and failures by the United States, Britain, Russia, Germany, and Japan influenced the course of the war and its final outcome. Spies, codes, and guerrillas played unprecedentedly critical roles in the Second World War, exploited by every nation in the struggle to gain secret knowledge of its foes, and to sow havoc behind the fronts. In *The Secret War*, Max Hastings presents a worldwide cast of characters and some extraordinary sagas of intelligence and resistance, to create a new perspective on the greatest conflict in history

Known as “the Great War,” the world’s first truly global conflict is remarkable in what might now be termed modern espionage. World War I was witness to plenty of “firsts.” Apart from the contribution made by aerial reconnaissance and the interception of wireless telegraphy, telephone and cable traffic, there was the

## Read Book Spies Of The Great War Adventures With The Allied Secret Service

scientific aspect, with new machines of war, such as the submarine, sea-mine, torpedo, airship, barbed wire, armored tank and mechanized cavalry in a military environment that included mustard gas, static trench warfare, the indiscriminate bombardment of civilian population centers and air-raids. Large-scale sabotage and propaganda, the manipulation of news and of radio broadcasts, and censorship, were all features of a new method of engaging in combat, and some ingenious techniques were developed to exploit the movement of motor and rail transport, and the transmission of wireless signals. The hitherto unknown disciplines of train-watching, bridge-watching, airborne reconnaissance and radio interception would become established as routine collection methods, and their impact on the conflict would prove to be profound. The Historical Dictionary of World War I Intelligence relates this history through a chronology, an introductory essay, an appendix, and an extensive bibliography. The dictionary section has over 400 hundred cross-referenced entries on intelligence organizations, the spies, and the major cases and events of World War I. This book is an excellent access point for students, researchers, and anyone wanting to know more about the world of intelligence in World War I.

“A thrilling, challenging and educational book . . . examines the roles of spies such a Edith Cavell, Mata Hari, Violette Szabo and Noor Inayat Khan” (Pennant

## Read Book Spies Of The Great War Adventures With The Allied Secret Service

Magazine). Women spies have rarely received the recognition they deserve. They have often been trivialized and, in cinema and popular fiction, stereotyped as vamps or dupes. The reality is very different. As spies, women have played a critical role during wartime, receiving and passing on vital information, frequently at considerable risk. Often able to blend into their background more easily than their male counterparts, women have worked as couriers, transmitters, and with resistance fighters, their achievements often unknown. Many have died. Ann Kramer describes the role of women spies during wartime, with particular reference to the two world wars. She looks at why some women chose to become spies, their motives, and backgrounds. She looks at the experience of women spies during wartime, what training they received, and what skills they needed. She examines the reality of life for a woman spy, operating behind enemy lines, and explores and explodes the myths about women spies that continue until the present day. The focus is mainly on Britain but also takes an international view as appropriate. "Tells the often surprising stories of some of the women who chose to become spies and to serve their country . . . An excellent work." —The Great War Magazine

brutal death of Mildred Harnack, the American leader of one of the largest underground resistance groups in Germany during WWII—“a stunning literary achievement” (Kai Bird, author of *The Outlier* and co-author of Pulitzer Prize-winning *American Prometheus*) Born and raised in Milwaukee, Mildred Harnack was twenty-six when she enrolled in a PhD program in Germany and witnessed the meteoric rise of the Nazi party. In 1932, she began holding secret meetings in her apartment—a small band of political activists that by 1940 had grown into the largest underground resistance group in Berlin. She recruited working-class Germans into the resistance, helped Jews escape, plotted acts of sabotage, and collaborated in writing leaflets that denounced Hitler and called for revolution. Her coconspirators circulated through Berlin under the cover of night, slipping the leaflets into mailboxes, public restrooms, phone booths. When the first shots of the Second World War were fired, she became a spy, couriering top-secret intelligence to the Allies. On the eve of her escape to Sweden, she was ambushed by the Gestapo. At a Nazi military court, a panel of five judges sentenced her to six years at a prison camp, but Hitler overruled the decision and ordered her execution. On February 16, 1943, she was strapped to a guillotine and beheaded. Historians identify Mildred Harnack as the only American in the leadership of the German resistance, yet her remarkable story has remained

almost unknown until now. Harnack's great-great-niece Rebecca Donner draws on her extensive archival research in Germany, Russia, England, and the U.S. as well as newly uncovered documents in her family archive to produce this astonishing work of narrative nonfiction. Fusing elements of biography, real-life political thriller, and scholarly detective story, Donner brilliantly interweaves letters, diary entries, notes smuggled out of a Berlin prison, survivors' testimony, and a trove of declassified intelligence documents into a powerful, epic story, reconstructing the moral courage of an enigmatic woman nearly erased by history.

A Woman of No Importance by Oscar Wilde is "a new and original play of modern life", in four acts, first given on 19 April 1893 at the Haymarket Theatre, London. Like Wilde's other society plays, it satirises English upper-class society. Oscar Wilde's audacious drama of social scandal centres around the revelation of Mrs Arbuthnot's long-concealed secret. A house party is in full swing at Lady Hunstanton's country home, when it is announced that Gerald Arbuthnot has been appointed secretary to the sophisticated, witty Lord Illingworth. Gerald's mother stands in the way of his appointment, but fears to tell him why, for who will believe Lord Illingworth to be a man of no importance?

Virginia Hall-- rejected from the foreign service because of her gender and her

prosthetic leg-- became the first woman to deploy to occupied France, before the United States had even entered the war. At a time when sending female secret agents into enemy territory was still strictly forbidden, Hall coordinated a network of spies to blow up bridges, report on German troop movements, arrange equipment drops for Resistance agents, and recruit and train guerrilla fighters. The Gestapo considered her the most dangerous of all Allied spies. Purnell tells the breathtaking story of how one woman's fierce persistence helped win the war. -- adapted from jacket

L'Agent DoubleSpies and Martyrs in the Great WarIndependently Published  
Two weeks before the U.S. entered World War I, a Chicago advertising executive visited the Department of Justice with a proposal - organize the country's businessmen into a secret force of volunteer agents to ferret out and investigate enemy activities within the United States. The country, overcome by a wave of patriotic fervor, had also become gripped with fear and uncertainty of the influx of immigrants from the very countries with which the country was now at war. The idea received quick approval and caught on like wildfire. Soon thousands of volunteers in every major industry, trade and profession were on the alert nationwide, maintaining surveillance and investigating cases for the Department of Justice Bureau of Investigation. They would grow to become 250,000 strong.

Written as a real-life adventure story, *The League* reveals how the organization began, the manner in which it operated, and the varied missions that it performed on behalf of the U.S. government. It is an extraordinary chapter in American history, when almost any citizen could receive official credentials as a volunteer investigator. From a running gun battle on the streets of Philadelphia, to the seizure of a disguised German commerce raider on the high seas, to the hunt for the radical bomber that attacked the Federal Building in Chicago, *The League* is a fascinating true story that will not soon be forgotten.

The dramatic, untold story of the brilliant team whose feats of innovation and engineering created the world's first digital electronic computer—decrypting the Nazis' toughest code, helping bring an end to WWII, and ushering in the information age. Planning the invasion of Normandy, the Allies knew that decoding the communications of the Nazi high command was imperative for its success. But standing in their way was an encryption machine they called Tunny (British English for “tuna”), which was vastly more difficult to crack than the infamous Enigma cipher. To surmount this seemingly impossible challenge, Alan Turing, the Enigma codebreaker, brought in a maverick English working-class engineer named Tommy Flowers who devised the ingenious, daring, and controversial plan to build a machine that would calculate at breathtaking speed and break the code in nearly real time. Together with the pioneering

## Read Book Spies Of The Great War Adventures With The Allied Secret Service

mathematician Max Newman, Flowers and his team produced—against the odds, the clock, and a resistant leadership—Colossus, the world's first digital electronic computer, the machine that would help bring the war to an end. Drawing upon recently declassified sources, David A. Price's *Geniuses at War* tells, for the first time, the full mesmerizing story of the great minds behind Colossus and chronicles the remarkable feats of engineering genius that marked the dawn of the digital age.

*Spies of the Kaiser* examines the scope and objectives of German covert operations in Great Britain before and during the First World War. It assesses the effect of German espionage on Anglo-German relations and discusses the extent to which the fear of German espionage in the United Kingdom shaped the British intelligence community in the early Twentieth-century. The study is based on original archival material, including hitherto unexploited German records and recently declassified British documents.

**NATIONAL BESTSELLER** • The dramatic, untold history of the heroic women recruited by Britain's elite spy agency to help pave the way for Allied victory in World War II  
“Gripping. Spies, romance, Gestapo thugs, blown-up trains, courage, and treachery (lots of treachery)—and all of it true.”—Erik Larson, author of *The Devil in the White City* and *Dead Wake*  
In 1942, the Allies were losing, Germany seemed unstoppable, and every able man in England was on the front lines. To “set Europe ablaze,” in the words of Winston Churchill, the Special Operations Executive (SOE), whose spies were trained in everything from demolition to sharpshooting, was forced to do something

## Read Book Spies Of The Great War Adventures With The Allied Secret Service

unprecedented: recruit women. Thirty-nine answered the call, leaving their lives and families to become saboteurs in France. In *D-Day Girls*, Sarah Rose draws on recently declassified files, diaries, and oral histories to tell the thrilling story of three of these remarkable women. There's Andrée Borrel, a scrappy and streetwise Parisian who blew up power lines with the Gestapo hot on her heels; Odette Sansom, an unhappily married suburban mother who saw the SOE as her ticket out of domestic life and into a meaningful adventure; and Lise de Baissac, a fiercely independent member of French colonial high society and the SOE's unflappable "queen." Together, they destroyed train lines, ambushed Nazis, plotted prison breaks, and gathered crucial intelligence—laying the groundwork for the D-Day invasion that proved to be the turning point in the war. Rigorously researched and written with razor-sharp wit, *D-Day Girls* is an inspiring story for our own moment of resistance: a reminder of what courage—and the energy of politically animated women—can accomplish when the stakes seem incalculably high. Praise for *D-Day Girls* “Rigorously researched . . . [a] thriller in the form of a non-fiction book.”—*Refinery29* “Equal parts espionage-romance thriller and historical narrative, *D-Day Girls* traces the lives and secret activities of the 39 women who answered the call to infiltrate France. . . . While chronicling the James Bond-worthy missions and love affairs of these women, Rose vividly captures the broken landscape of war.”—*The Washington Post* “Gripping history . . . thoroughly researched and written as smoothly as a good thriller, this is a mesmerizing story of creativity, perseverance,

way that anyone can enjoy. Covert illustrations--Get an up-close look at actual spies, as well as some seriously amazing spy gear. Amaze your friends and family with all kinds of awesome facts about spies and secret agents from World War 2.

In this groundbreaking book, Priya Satia tracks the intelligence community's tactical grappling with this problem and the myriad cultural, institutional, and political consequences of their methodological choices during and after the Great War.

#1 New York Times bestselling author Daniel Silva's celebrated debut novel, *The Unlikely Spy*, is "A ROLLER-COASTER WORLD WAR II ADVENTURE that conjures up memories of the best of Ken Follett and Frederick Forsyth" (The Orlando Sentinel). "In wartime," Winston Churchill wrote, "truth is so precious that she should always be attended by a bodyguard of lies." For Britain's counterintelligence operations, this meant finding the unlikeliest agent imaginable—a history professor named Alfred Vicary, handpicked by Churchill himself to expose a highly dangerous, but unknown, traitor. The Nazis, however, have also chosen an unlikely agent. Catherine Blake is the beautiful widow of a war hero, a hospital volunteer—and a Nazi spy under direct orders from Hitler: uncover the Allied plans for D-Day...

"Information Hunters examines the unprecedented American effort to acquire foreign publications and information in World War II Europe. An unlikely band of librarians, scholars, soldiers, and spies went to Europe to collect books and documents to aid the Allies' cause. They travelled to neutral cities to find enemy publications for intelligence

## Read Book Spies Of The Great War Adventures With The Allied Secret Service

analysis and followed advancing armies to capture records in a massive program of confiscation. After the war, they seized Nazi works from bookstores and schools and gather together countless looted Jewish books. Improvising library techniques in wartime conditions, they contributed to Allied intelligence, preserved endangered books, engaged in restitution, and participated in the denazification of book collections. Information Hunters explores what collecting meant to the men and women who embarked on these missions, and how the challenges of a total war led to an intense focus on books and documents. It uncovers the worlds of collecting, in spy-ridden Stockholm and Lisbon, in liberated Paris and devastated Berlin, and in German caves and mineshafts. The wartime collecting missions had lasting effects. They intensified the relationship between libraries and academic institutions, on the one hand, and the government and military, on the other. Book and document acquisition became part of the apparatus of national security, military planning, and postwar reconstruction. These efforts also spurred the development of information science and boosted research libraries' ambitions to be great national repositories for research and the dissemination of knowledge that would support American global leadership, politically and intellectually. military intelligence, librarians, archivists, Library of Congress, Office of Strategic Services."--

Three Women. Two Sides. One War to End all Wars. When a war like no one has even seen rages throughout Europe in 1914, three women are set on a collision course with history. As

one of the first female pilots, Alouette is determined to join the war effort. She gets her chance when she is recruited by Captain Ladoux, head of France's Secret Service. But is she willing to sacrifice everything for her country? Marthe's day job as nurse requires her to help anyone in need, including the enemy. But at night she wanders the darkened streets of Belgium as a courier for Allied Intelligence. Can she keep up her dual roles without anyone finding out her secret? The famed Mata Hari cares nothing for the war effort. If maintaining her lavish lifestyle means spying for whatever side pays her the most, then so be it. But the naive dancer is being set up for the most dangerous performance of her life. All three women must navigate through the double agent's world of deception and betrayal, and one of them will pay the ultimate price. Told from the viewpoints of these real-life women, *L'Agent Double: Spies and Martyrs in the Great War* is meticulously researched and keeps you on the edge of your seat. Pick up this courageous tale of love, honor, and deception today!

The thrilling true story of the daring double agents who thwarted Hitler's spy machine in Britain and turned the tide of World War II. After the fall of France in the mid-1940s, Adolf Hitler faced a British Empire that refused to negotiate for peace. With total war looming, he ordered the Abwehr, Germany's defense and intelligence organization, to carry out Operation Lena—a program to place information-gathering spies within Britain. Quickly, a network of secret agents spread within the United Kingdom and across the British Empire. A master of disguises, a professional safecracker, a scrubwoman, a diplomat's daughter—they all reported news of the Allied defenses and strategies back to their German spymasters. One Yugoslav playboy codenamed "Tricycle" infiltrated the highest echelon of British society and is said to have been one of Ian Fleming's models for James Bond. The stunning truth, though, was that every last

## Read Book Spies Of The Great War Adventures With The Allied Secret Service

one of these German spies had been captured and turned by the British. As double agents, they sent a canny mix of truth and misinformation back to Hitler, all carefully controlled by the Allies. As one British report put it: “By means of the double agent system, we actually ran and controlled the German espionage system in this country.” In *The Spies Who Never Were*, World War II veteran cryptographer Hervie Haufler reveals the real stories of these double agents and their deceptions. This “fascinating account” lays out both the worldwide machinations and the personal clashes that went into the greatest deception in the history of warfare (Booklist).

From “America’s preeminent spy novelist” (The New York Times) comes a fast-paced, mesmerizing thriller of the French resistance fighters working secretly and bravely to defeat Hitler. *Occupied Paris, 1942*. Just before he dies, a man being chased by the Gestapo hands off a strange-looking document to the unsuspecting novelist Paul Ricard. It looks like a blueprint of a part for a military weapon, one that might have important information for the Allied forces. Ricard realizes he must try to get the diagram into the hands of members of the resistance network. As Ricard finds himself drawn deeper and deeper into anti-Nazi efforts and increasingly dangerous espionage assignments, he travels to Germany and along the escape routes of underground resistance safe houses to spy on Nazi maneuvers. When he meets the mysterious and beautiful Leila, a professional spy, they begin to work together to get crucial information out of France and into the hands of the Allied forces in London.

Set on the eve of the First World War, across oceans and continents, steamliners and cross-country trains, David Downing’s complex and thrilling new espionage novel takes us all the way back to the dawn of that most fascinating of 20th century characters—the spy. It is 1913,

and those who follow the news closely can see the world is teetering on the brink of war. Jack McColl, a Scottish car salesman with an uncanny ear for languages, has always hoped to make a job for himself as a spy. As his sales calls take him from city to great city—Hong Kong to Shanghai to San Francisco to New York—he moonlights collecting intelligence for His Majesty's Secret Service, but British espionage is in its infancy and Jack has nothing but a shoestring budget and the very tenuous protection of a boss in far-away London. He knows, though, that a geopolitical catastrophe is brewing, and now is both the moment to prove himself and the moment his country needs him most. Unfortunately, this is also the moment he begins to realize what his aspiration might cost him. He understands his life is at stake when activities in China suddenly escalate from innocent data-gathering and casual strolls along German military concessions to arrest warrants and knife attacks. Meanwhile, a sharp, vivacious American suffragette journalist has wiled her way deep into his affections, and it is not long before he realizes that her Irish-American family might be embroiled in the Irish Republican movement Jack's bosses are fighting against. How can he choose between his country and the woman he loves? And would he even be able to make such a choice without losing both?

**NEW YORK TIMES BESTSELLER** • The celebrated author of *Double Cross* and *Rogue Heroes* returns with his greatest spy story yet, a thrilling Americans-era tale of Oleg Gordievsky, the Russian whose secret work helped hasten the end of the Cold War. “The best true spy story I have ever read.”—JOHN LE CARRÉ Named a Best Book of the Year by *The Economist* • Shortlisted for the Bailie Giffords Prize in Nonfiction If anyone could be considered a Russian counterpart to the infamous British double-agent Kim Philby, it was Oleg

Gordievsky. The son of two KGB agents and the product of the best Soviet institutions, the savvy, sophisticated Gordievsky grew to see his nation's communism as both criminal and philistine. He took his first posting for Russian intelligence in 1968 and eventually became the Soviet Union's top man in London, but from 1973 on he was secretly working for MI6. For nearly a decade, as the Cold War reached its twilight, Gordievsky helped the West turn the tables on the KGB, exposing Russian spies and helping to foil countless intelligence plots, as the Soviet leadership grew increasingly paranoid at the United States's nuclear first-strike capabilities and brought the world closer to the brink of war. Desperate to keep the circle of trust close, MI6 never revealed Gordievsky's name to its counterparts in the CIA, which in turn grew obsessed with figuring out the identity of Britain's obviously top-level source. Their obsession ultimately doomed Gordievsky: the CIA officer assigned to identify him was none other than Aldrich Ames, the man who would become infamous for secretly spying for the Soviets. Unfolding the delicious three-way gamesmanship between America, Britain, and the Soviet Union, and culminating in the gripping cinematic beat-by-beat of Gordievsky's nail-biting escape from Moscow in 1985, Ben Macintyre's latest may be his best yet. Like the greatest novels of John le Carré, it brings readers deep into a world of treachery and betrayal, where the lines bleed between the personal and the professional, and one man's hatred of communism had the power to change the future of nations.

"Describes the role spies played during World War II. Readers' choices reveal various historical details"--

When the United States declared war on Germany in April 1917, it was woefully unprepared to wage a modern war. Whereas their European counterparts already had three years of

## Read Book Spies Of The Great War Adventures With The Allied Secret Service

experience in using code and cipher systems in the war, American cryptologists had to help in the building of a military intelligence unit from scratch. This book relates the personal experiences of one such character, providing a uniquely American perspective on the Great War. It is a story of spies, coded letters, plots to blow up ships and munitions plants, secret inks, arms smuggling, treason, and desperate battlefield messages. Yet it all begins with a college English professor and Chaucer scholar named John Mathews Manly. In 1927, John Manly wrote a series of articles on his service in the Code and Cipher Section (MI-8) of the U.S. Army's Military Intelligence Division (MID) during World War I. Published here for the first time, enhanced with references and annotations for additional context, these articles form the basis of an exciting exploration of American military intelligence and counter-espionage in 1917-1918. Illustrating the thoughts of prisoners of war, draftees, German spies, and ordinary Americans with secrets to hide, the messages deciphered by Manly provide a fascinating insight into the state of mind of a nation at war.

Rommel's army is a day from Cairo, a week from Tel Aviv. The SS is ready for action. Espionage brought the Nazis this far. Espionage can stop them - if Washington wakes up to the danger. As World War II raged in North Africa, General Irwin Rommel was guided by an uncanny sense of his enemies' plans and weaknesses. In the summer of 1942, he led his Axis army swiftly and terrifyingly toward Alexandria, with the goal of overrunning the entire Middle East. Each step was informed by detailed updates on British positions. The Nazis, somehow, had a source for the Allies' greatest secrets. Yet the Axis powers were not the only ones with intelligence. Brilliant Allied cryptographers worked relentlessly at Bletchley Park, breaking down the extraordinarily complex Nazi code Enigma. From decoded German messages, they

## Read Book Spies Of The Great War Adventures With The Allied Secret Service

discovered that the enemy had a wealth of inside information. On the brink of disaster, a fevered and high-stakes search for the source began. *War of Shadows* is the cinematic story of the race for information in the North African theater of World War II, set against intrigues that spanned the Middle East. Years in the making, this book is a feat of historical research and storytelling, and a rethinking of the popular narrative of the war. It portrays the conflict not as an inevitable clash of heroes and villains but a spiraling series of failures, accidents, and desperate triumphs that decided the fate of the Middle East and quite possibly the outcome of the war.

This study examines Greek resistance to Nazi occupation during the Second World War and the role of British intelligence in the conflict. The author looks beyond the standard scholarly focus on guerrilla groups in the mountains to Greek intelligence work and espionage in the cities and towns.

An anthology of the world's best literary espionage, selected by a contemporary master of the genre, Alan Furst. Here is an extraordinary collection of work from some of the finest novelists of the twentieth century. Inspired by the politics of tyranny or war, each of these writers chose the base elements of spy fiction—highly evolved spy fiction—as the framework for a literary novel. Thus Alan Furst offers a diverse array of selections that combine raw excitement and intellectual sophistication in an expertly guided tour of the dark world of clandestine conflict. These are not just stories of professional intelligence officers. We meet diplomats, political police, agents provocateurs, secret operatives, resistance fighters, and assassins—players in the Great Game, or victims of

evening in 1937. A German engineer arrives at the Warsaw railway station. Tonight, he will be with his Polish mistress; tomorrow, at a workers' bar in the city's factory district, he will meet with the military attaché from the French embassy. Information will be exchanged for money. So begins *The Spies of Warsaw*, the brilliant new novel by Alan Furst, lauded by *The New York Times* as "America's preeminent spy novelist." War is coming to Europe. French and German intelligence operatives are locked in a life-and-death struggle on the espionage battlefield. At the French embassy, the new military attaché, Colonel Jean-Francois Mercier, a decorated hero of the 1914 war, is drawn into a world of abduction, betrayal, and intrigue in the diplomatic salons and back alleys of Warsaw. At the same time, the handsome aristocrat finds himself in a passionate love affair with a Parisian woman of Polish heritage, a lawyer for the League of Nations. Colonel Mercier must work in the shadows, amid an extraordinary cast of venal and dangerous characters—Colonel Anton Vyborg of Polish military intelligence; the mysterious and sophisticated Dr. Lapp, senior German Abwehr officer in Warsaw; Malka and Viktor Rozen, at work for the Russian secret service; and Mercier's brutal and vindictive opponent, Major August Voss of SS counterintelligence. And there are many more, some known to Mercier as spies, some never to be revealed. *The Houston Chronicle* has described Furst as "the greatest living writer of espionage fiction." *The Spies of Warsaw* is his finest novel to date—the history precise, the writing evocative and powerful, more a novel about spies than a spy novel, exciting, atmospheric, erotic,

## Read Book Spies Of The Great War Adventures With The Allied Secret Service

and impossible to put down. “As close to heaven as popular fiction can get.” –Los Angeles Times, about *The Foreign Correspondent* “What gleams on the surface in Furst’s books is his vivid, precise evocation of mood, time, place, a letter-perfect re-creation of the quotidian details of World War II Europe that wraps around us like the rich fug of a wartime railway station.” –Time “A rich, deeply moving novel of suspense that is equal parts espionage thriller, European history and love story.” –Herbert Mitgang, *The New York Times*, about *Dark Star* “Some books you read. Others you live. They seep into your dreams and haunt your waking hours until eventually they seem the stuff of memory and experience. Such are the novels of Alan Furst, who uses the shadowy world of espionage to illuminate history and politics with immediacy.” –Nancy Pate, *Orlando Sentinel*

This true-life thriller describes Juan Pujol, a poultry farmer who opposed the Nazis and concocted a series of staggering lies that lead to his becoming one of Germany's most valued spies, while actually acting as a double-agent for the Allies. 35,000 first printing. Written as a companion volume to the earlier *World's Greatest Military Spies and Secret Service Agents*, *George Barton's* 1919 work examines espionage during the Great War. In addition to covering the exploits of World War I's greatest spies, the work also investigates various mysteries and adventures associated with the conflict. Photographs and illustrations of various personalities enliven the account. Best-selling author James Morton tells the story of organized espionage in Britain from

spy fever early in the 20th century to the end of the First World War and the rise of air intelligence. He introduces us to a world of colorful characters and dark underhand dealing in which spies, male and female, driven by love, money, patriotism or a mix of all of them, struggled to survive. The first English officer spies are featured alongside their frequently flamboyant French, Belgium and German counterparts - from the hunchback dentist Wilhelm Klauer to the 'Grande (and lesser) horizontales' such as Mata Hari. So too are their controllers such as authors John Buchan and Somerset Maugham and men like Richard Tinsley who oversaw a network of some 2000 spies from Holland. As professionalism grew great successes emerged - not least the deciphering of the intercepted Zimmerman telegram - along with notable failures. Morton tackles both in a meticulously researched narrative that balances the history of espionage with the human stories of individuals and tales of heroism with cowardice, incompetence and betrayal.

Would you spy for your country? Discover the World War II spies who lived among the shadows and the ones who lived in the limelight--disguised in plain sight! Josephine Baker. Virginia Hall. Roy Hawthorne. These are but a few of the daring spies who risked it all to deliver and protect crucial intel for the Allied powers. Central Terminal on her way to work, Grace Healey finds an abandoned suitcase tucked beneath a bench. Unable to resist her own curiosity, Grace opens the suitcase, where she discovers a dozen photographs—each of a different woman. In a moment of impulse, Grace takes the photographs and quickly leaves the station. Grace soon learns that the suitcase belonged to a woman named Eleanor Trigg, leader of a network of female secret agents who were deployed out of London during the war. Twelve of these women were sent to Occupied Europe as couriers and radio operators to aid the resistance, but they never returned home, their fates a mystery. Setting out to learn the truth behind the women in the photographs, Grace finds herself drawn to a young mother turned agent named Marie, whose daring mission overseas reveals a remarkable story of friendship, valor and betrayal. Vividly rendered and inspired by true events, New York Times bestselling author Pam Jenoff shines a light on the incredible heroics of the brave women of the war and weaves a mesmerizing tale of courage, sisterhood and the great strength of women to survive in the hardest of circumstances. A Cosmopolitan Best Book Club Book, PopSugar Must-Read, and Glamour Best of 2019 “An intriguing mystery and a captivating heroine make *The Lost Girls of Paris* a read to savor!” —Kate Quinn, New York Times bestselling author of *The Alice Network* Look for Pam Jenoff’s new novel, *The*
