"Fifty Shades Of Passion" is a romantic adventurous book that unpacks a vast spectrum of romantic adventures any couple can engage in to ignite their erotic flames of pleasure regardless of their environmental setting. The book is about a hot blooded couple, Dan Walker and Mandy Jones, who engaged in a series of romantic and erotic adventures in various ways in different places, exploring hidden and untapped passions in sacred bodily territories they never knew existed, through the rain, in the shower, in the water under the pool, under the glittering sunshine in the forest, behind closed doors in handcuffs, even in the public space during a musical festival. It all starts with Mandy accidentally bumping into Dan, a flat mate and young successful business man while naked in the shower. She sets her eyes on his incredibly dark meaty-looking python cock and her sexual appetite is suddenly provoked, as he triggers untamed rapacious passions in her body. They are both overwhelmed by the irresistible urge of temptation and the blazing flames of erotic passion that seem to explode and engulf them. Both their erotic passions are aroused and their desire, craving and yearning for each other heightens as she feels a surge of desire swim through her body, with such a tingling sensation that sent nerves dancing up her spine. They start exploring their romantic adventures in the shower, devouring each other, with deep kisses, plundering each other's bodies, with Dan painting his fingerprints in every inch of Mandy's body, setting heat waves that got her screaming loud in erotic ecstasy. To add an icing on the cake, they sneak out of the bedroom and take their newly discovered lovemaking adventure to another sexy and exciting location, the pool, where they slid over to a darker spot in the pool and rock into each other, throbbing under the waters. As if unravelling a prelude to more wonderful things about to follow, they then take their erotic adventure back to the movies where they rock into each other, exploring untamed erotic passions in sacred bodily territories while in hand cuffs. While feasting sumptuously on a buffet of erotic delicacies, they get caught red handed on the act by Anne, Mandy's best friend whom out of jealousy embarks on a mission to sabotage their relationship and lures Dan into a trap of seduction, a scandal that nearly leads to a break-up between the two lovebirds. Fleeing from the toxic scene, Dan and Mandy then decide to embark on a gateway from the city and venture into another erotic adventure where they rock into each other under the glittering sunshine in the forest with no sound except the melodious songs of birds. They decided to break out of the conventional, premeditated romantic setting that confines them within the vicinity of bedroom walls and took their erotic adventure to a different but weird atmosphere electrified with the flow of music, at the Musical festival, where they stole a moment and rock into each other unnoticed.. They say romance is an art and kissing is the handwriting or

signature that scribbles that beautiful art into perfection, but when it is done in the rain, it is more electrifying than the art itself. Sooner or later, their romantic expedition gets intoxicating and addictive such that they decide to take it to the extreme and conclude their erotic adventures with a bang, through the rain. They devour each other erotically while drenched by the splattering rain drops, revealing every inch of their body, a thrilling spontaneous erotic adventure which they count as the highlights of all their sexual experiences and left an irrefutable footprint of thrilling love in their hearts.

The first in a serialized collection of the sexy adventures of Jane in the jungle. Inspired by the stories of Tarzan and Jane, this serial is a creative, edgy, and yet romantically erotic Tarzan and Jane collection. Darker and more intense than Fifty Shades of Grey, Entwined--and the subsequent volumes--are not for the faint of heart. When not-as-proper-as-one-would-think Victorian woman Jane Clemons convinces her father to take her on an expedition in the jungle, her only goal is to find her lover Jonathan, who disappeared three years earlier. She and her father, along with Jonathan's trusted friend Kellan Darkdale, set off on their journey. But shortly after their party arrives on the coast of Madagascar, Jane finds herself enthralled not only by the freedom and beauty of the lush jungle, but a reclusive wild man who seems to be fascinated by her. ENTWINED is a novella (about 80 pages). It's the first in a series that will follow Jane Clemons and her explicit, titillating adventures in the jungle with Tarzan and others. Jane's playmates are sexy, dark, erotic and some of the have a tendency toward BDSM. But in the end, Zaren (inspired by Tarzan), is the only man for her. The series in order: ENTWINED: Jane in the Jungle ENTANGLED: An Unexpected Triangle ENTHRALLED: The Sex Goddess ENTICED: An Erotic Sacrifice ENAMORED: The Submissive Mistress (double edition!)
