There is nothing more satisfying than owning a shop of your own. Whether it's a designer clothing store, an exciting florist, or something for practically everything, this book will guide you through all you need to know about opening your own retail business. It is aimed at anyone who has a dream or a practical idea. It includes case histories of hands-on shop owners, their advice and top tips. You will be able to browse through such topics as: - Choosing the best location - Finding finance in a dwindling market - Developing a business plan - Exploring the costs of setting up - Selecting the products you want to carry - Decoration, displays and shelving - Meeting the challenges of a new business - Getting your business noticed in an internet age - Turning your passion into a profitable business

The Run Walk Run® Method

"The consulting industry is one of the fastest growing business sectors worldwide with new opportunities emerging continually in hundreds of different fields. Whatever your area of expertise--engineering or employee relations, computers or customer service--there's likely to be a demand for your consulting abilities." --Gregory Kishel and Patricia Kishel from the Preface Who needs consultants? The answer is simple: everyone does! Consultants are no longer viewed as a luxury. They've become a necessity in today's constantly evolving business environment. And, for millions of career changers, recent graduates, retirees, and former government employees, consulting is an excellent way to turn knowledge and experience into a profitable business. Now, two highly successful consultants provide you with a proven plan for entering and growing in this lucrative field. You'll get practical advice on what it takes to succeed as a consultant, where the real opportunities are, and the types of situations you are most likely to encounter. You'll learn all of the aspects of becoming an independent consultant, including how to choose a specific field and set up business, how to determine fees and market your services, how to get referrals and maintain good client relations, how to write winning proposals, what kinds of insurance you should have, how to win government contracts, how to enter foreign markets, and much, much more. Packed with step-by-step guidelines, forms, and checklists, this valuable guide is must reading for both working consultants and anyone interested in starting a consulting business. Written for anyone with ideas, information, or skills to sell, this valuable guide shows you how to make the most of your talents, putting them to work for yourself and your clients. Drawing on their own experiences as management consultants, Gregory Kishel and Patricia Kishel offer down-to-earth advice on what it takes to succeed as a consultant, where the opportunities are, and the types of situations you are likely to encounter. Step by step, you will learn all of the aspects of becoming an independent consultant, including: * How to choose a specific field and set up a business * How to determine fees and market your services * How to get referrals and maintain good client relations * What kinds of insurance you should have * How to win government contracts, enter foreign markets, and much more Whatever your area of specialization, this indispensable book will give you the information you need to build and maintain a profitable consulting business.

How to Start and Run a Used Bookstore

Jeff's quest for the injury-free marathon training program led him to develop group training programs in 1978, and to author Runner's World articles which have been used by hundreds of thousands of runners of all abilities. His training schedules have inspired the second wave of marathoners who follow the Galloway RUN-WALK-RUN™, low mileage, three-day suggestions to an over 98% success rate. Jeff has worked with over 200,000 average people in training for specific goals. Jeff is an inspirational speaker to over 200 running and fitness sessions each year. His innovative ideas have opened up the possibility of running and completing a marathon to almost everyone. Philosophically, Jeff believes that we were all designed to run and walk, and he keeps finding ways to bring more people into the positive world of exercise.

Start and Run A Business From Home

Want to be in business for yourself? A computer repair service may be perfect for you. But how do you start and run a computer service business? First, read this book, written by a computer technician with more than nine years' experience working for himself. I started my business from scratch and built it up to a viable, full-time enterprise, and I will show you how to do the same. This book is full of practical hints for running a computer repair and service business. For example, you'll learn how to handle clients who call you wanting a "quick answer on the phone" or what to do when someone cancels an appointment at the last minute. You'll also learn- What you need to get started- Where and how to advertise for the best results- How to decide what to charge- How to keep clients, even difficult ones, happy- How to talk to clients on the phone and at their home or business- What records you must keep, and how to keep them- And much more

How to Start and Run a Successful Guitar Repair Business

This book will show you how to turn your passion and enthusiasm into a viable commercial opportunity. It is packed full of practical, down-to-earth advice based on the author's own, and other successful entrepreneurs', experience. You'll discover how other people have started successful businesses with nothing else than a great idea, self-belief, and determination. Discover how you can easily: - Research your ideas. - Start your own business at home, from little or nothing. - Get funding for your new business. - Overcome your fears and sell anything to anyone. - Market your business on a shoestring. - Create your own successful niche business in a world dominated by multi-retailers. Paul Power's own successful philosophy is that if your ultimate dream is to run a global franchised network from home but all you can afford is a second hand laptop, then start with the laptop and work your way up. As the entrepreneurs featured in this book will testify, that's how many of today's successful businesses started.
