International Marketing

This textbook sets out the context, techniques and strategies involved in

successful international marketing. It breaks down the area into three main parts: analysis - including trading environment, market considerations, research and opportunities; development - including planning, standardization, entry strategies; and implementation - including product strategy, international communication, distribution, pricing, challenges. It takes material from around the world, including Europe, Australia, Pacific Rim and USA, covering consumer and business to business, manufacturing and services. With short case illustrations, longer integrated cases, summaries and discussion points, undergraduate students should find this easy to use both as a course book and for revision reference. Following the new syllabus of the international marketing section of CIM qualifications, this should also serve as reading for any student undertaking these examinations.

Blazing the way towards freer commerce with more dynamic economies, Chile and

Peru are paving the way for the Latin American penetration of the Asian markets, and the welcoming of important imported goods from the East. With its unique mix of theory, historical discussion, case studies, and contemporary analysis and prospection, this book offers a comprehensive look at the business environment in Chile and Peru. It examines how data analytics will affect the management of businesses in these two countries and how they can close the innovation gap. It also investigates the effects of past and recent corruption scandals on economic development. The book provides a solid grounding on the historical, economic, social, and political impacts of trade and business in this region and identifies the key drivers of Latin American economic growth and development. Further, the authors look forward to the rising trends that outline the future of business and commerce between these two prospering economies, the rest of Latin America, and the world. This book is aimed at scholars and researchers who seek to learn more about the changing focus and interests of Latin America, the shift away from the Atlantic economies towards the Pacific powerhouses, and the implications and opportunities this poses for American business interests.

Good international trade relations are a must for any modern enterprise, regardless of its size. But without a sound global market strategy, entry onto the international scene is risky and can at worst lead to a company's demise. In this book, Michael Neubert, a renowned expert in global business strategy, outlines the principles that underlie a successful international venture: development of a custom-fit internationalization strategy; selection of foreign markets and structured market entry processes; design of market growth strategies; intercultural management and international corporate management; and the carrying out of market exits. Supplemented with case studies, the tools and solutions in *Global Market Strategies* provide international managers with the requisite know-how for success in all markets and industries.

Back Cover Copy-Usunier "This book is noteworthy in its content and approach as well as in generating class discussion on intercultural marketing relations, exchange, and communications. With the diversity in world markets and the importance of having locally-specific understanding of markets and consumers, it is a welcome resource for teaching students who can either relate it to their own intercultural experiences or who have never had intercultural experiences themselves." Guliz Ger, Professor of Marketing, Faculty of Business Administration, Bilkent University, Turkey International marketing relationships have to be built on solid foundations. Transaction costs in international trade are high--only a stable and firmly established link between business people can enable them to overcome disagreements and conflicts of interest. "Marketing Across Cultures, 4e" uses a successful two-stage cultural approach to explore International Marketing. - A cross-cultural approach which compares marketing systems and local commercial customs in various countries - An inter-cultural approach which studies the interaction between business peoples of different national cultures "I used "Marketing Across Cultures" in courses in five different countries with students from more than 35 nations. The book provides a stimulating view on international marketing issues and at the same time allows in an excellent way to sensitize and train students for intercultural work, which has become the norm for most medium-sized and large companies." Prof. Dr. Hartmut H. Holzmuller., Chair of Marketing University of Dortmund, Germany Invaluable to all undergraduate, postgraduate

and MBA students studying International Marketing and for marketing practitioners who wish to improve their cultural awareness, "Marketing Across Cultures, 4e" is essential reading.
