Prentice Hall Literature - the British Tradition

The first global anthology of migration literature featuring works by Mohsin Hamid, Zadie Smith, Marjane Satrapi, Salman Rushdie, and Warsan Shire, with a foreword by Edwidge Danticat, author of *Everything Inside* A Penguin Classic Every year, three to four million people move to a new country. From war refugees to corporate expats, migrants constantly reshape their places of origin and arrival. This selection of works collected together for the first time brings together the most compelling literary depictions of migration. Organized in four parts (Departures, Arrivals, Generations, and Returns), *The Penguin Book of Migration Literature* conveys the intricacy of worldwide migration patterns, the diversity of immigrant experiences, and the commonalities among many of those diverse experiences. Ranging widely across the eighteenth through twenty-first centuries, across every continent of the earth, and across multiple literary genres, the anthology gives readers an understanding of our rapidly changing world, through the eyes of those at the center of that change. With thirty carefully selected poems, short stories, and excerpts spanning three hundred years and twenty-five countries, the collection brings together luminaries, emerging writers, and others who have earned a wide following in their home countries but have been less recognized in the Anglophone world. Editor of the volume Dohra Ahmad provides a contextual introduction, notes, and suggestions for further exploration.

Authors in Depth

In this stunning follow-up to his best-selling book, *The Five Temptations of a CEO*, Patrick Lencioni offers up another leadership fable that's every bit as compelling and illuminating as its predecessor. This time, Lencioni's focus is on a leader's crucial role in building a healthy organization--an often overlooked but essential element of business life that is the linchpin of sustained success. Readers are treated to a story of corporate intrigue as the frustrated head of one consulting firm faces a leadership challenge so great that it threatens to topple his company, his career, and everything he holds true about leadership itself. In the story's telling, Lencioni helps his readers understand the disarming simplicity and power of creating organizational health, and reveals four key disciplines that they can follow to achieve it.
